# Your Important Contact Numbers

## IN CASE OF A SERIOUS EMERGENCY

**PLEASE NOTE: This is a travel insurance policy and not private medical insurance. This means there is no cover for any medical expenses incurred in private medical facilities if we have confirmed that medically capable public facilities are available.**

## IF YOU NEED MEDICAL ASSISTANCE WHEN YOU ARE AWAY YOU SHOULD CALL 112 OR THE LOCAL EQUIVALENT OF 999

Customer should receive emergency medical treatment or management regardless of their ability to pay or any other consideration, a failure or refusal by a treating hospital or treating doctor to provide emergency treatment, management or care is a clear breach of an established duty of care.

## YOU SHOULD THEN CALL US ON +44 (0) 203 829 6745

Whilst the actual medical care you receive is in the hands of the local doctors treating you, we can obtain the medical information we need from them to establish what is wrong, as well as their treatment and discharge plans. We can support you in the event you are admitted to a facility that may not be suitable for your clinical needs or where there are concerns over practice.

We will then advise on, and can put in place, suitable repatriation plans to get you home as soon as it is medically safe to do so. We will liaise with the treating doctor to get a fit to fly certificate when needed, and with aero-medical experts who will advise on both the timing and method of repatriation that is best suited to your individual needs of your recovery.

## It is important that you are aware of the following:

### Medical Treatment

- There is not cover for:
  - routine, non-emergency or elective treatment
  - or treatment that can wait until you return home.
- Our doctors are not treating you; they are not responsible or in control of the clinical care you are receiving in a medical facility.
- In some instances, you may need to be moved from one local facility to another large/more specialised facility, for treatment.
- Having travel insurance does not ensure a 'fast track' medical service from the treating facility, much like the NHS – emergency service rooms can be busy at certain times and so it is possible you may have to wait as you would in your local NHS hospital unless you require critical care.
- Once you are discharged from hospital this does not always mean you are fit to fly home – For example, if you were in the UK and suffered the same injury/illness, then you would not consider flying out on holiday so soon after surgery/treatment/incident.
- Some medical facilities will raise charges that are far in excess of customary and reasonable; we will deal with such bills directly and there is no need for you to pay them. You simply need to pass any correspondence about such bills to us to ensure we can provide full financial protection.

### Repatriation (bringing you home)

- Coming home straight away is not always an option even if you are considered 'fit to fly' by the treating doctor.
- We have a medical team with experience in aviation medicine who will advise on both the timing and method of repatriation this is best suited to your individual needs and your recovery.
- Most airlines require specific criteria to be met in order to accept a 'medical passenger'.
- Things change – if your health, stability or vitals change – then so do the plans.
- Availability of air ambulances, stretchers and appropriate medical escorts can be limited in specific areas and at different times of the year.
- Air Ambulances are 'flying intensive care units' and are only used to Transport critical patients to a hospital in the UK, if treatment is not possible where they are.

## OUT-PATIENT TREATMENT OR MINOR INJURY OR ILLNESS

**PLEASE NOTE: This is a travel insurance policy and not private medical insurance. This means there is no cover for any medical expenses incurred in private medical facilities if we have confirmed that medically capable public facilities are available.**

### FOR A NON-URGENT MEDICAL SITUATION

That is something you would normally see your GP or minor injuries unit for, so you don't need to attend hospital but you do need some medication to treat a non-emergency situation. Like what? Poorly child with tonsillitis? Infected cut on your foot? We have teamed up with **Medical Solutions UK Ltd**, who offer UK Registered Doctors who give medical support and assessment over the phone and are able to prescribe in many countries across the globe. This means you can quickly access support with minor ailments without disrupting your trip too much. You can access this facility free of charge by calling +44 161 468 3793.

### YOU CAN ALSO CALL 112 OR THE LOCAL EQUIVALENT OF 999

Customer should receive emergency medical treatment or management regardless of their ability to pay or any other consideration, a failure or refusal by a treating hospital or treating doctor to provide emergency treatment, management or care is a clear breach of an established duty of care.

### OPTIMAL CARE

In our experience the access to the best doctors, diagnostics and optimal care in many areas of the world (particularly in Europe but also across many destinations worldwide) are limited to state facilities. They don't always look as nice, but we have experience of good clinical outcomes within a regulated environment without the risk of a patients' health being compromised over commercial interest, immoral and dangerous practices such as extortion, detainment and withdrawal of treatment you are unlikely to find occurring in state facilities. If you would like to know more about our approach to best medical care overseas and repatriation planning, please visit our website <https://philosophies.tifgroup.co.uk/>

### IN THE EVENT THAT YOU DO RECEIVE OUT-PATIENT TREATMENT WHEN YOU ARE TRAVELLING

**In European Union Countries** – if you present yourself at a public facility you should show your EHIC.

**In Australia** – you should enrol for Medicare, and have it accepted.

*Using these agreements in public facilities will mean that medical treatment will be free, or at a reduced cost, and your standard policy excess will be waived from any claim you may make. If you are unable to use the EHIC, you will have to pay the medical facility and submit a claim when you get home, the policy excess will then be applied.*

**In Turkey, Cyprus, Egypt and Bulgaria** – we utilise the services of Global Excel International who can arrange for the bill to be paid directly. You simply fill in a Global Excel form in the medical facility to confirm the nature of the treatment received and pay your policy excess to the facility. They will then send the remaining bill directly to Global Excel for payment. More information can be found here [www.globalexcel.com](http://www.globalexcel.com).

**Everywhere else in the World** – if there is not suitable public facility that will treat you free of charge, you can pay the medical facility and retain all receipts so that you can make a claim when you get home.

**PLEASE NOTE:** If the costs are likely to exceed £500 or you are admitted to hospital, you should call us on **+44 (0) 203 829 6745**.

## OUR PLEDGE TO YOU

It is our aim to give a high standard of service and to meet any claims covered by these policies honestly, fairly and promptly.

We occasionally get complaints and these are usually through a misunderstanding or insufficient information.

Any complaint will be investigated at once and the matter resolved as quickly as possible, please see page 23 of the policy for information on our complaints procedure.

### BE AWARE! WE DO NOT PROVIDE ANY COVER FOR:

- Claims caused by an existing medical condition of a non travelling close relative, the person you are intending to stay with, a business associate, or any recognised complication caused by the existing medical condition.
- Any circumstances that are not specified in your policies.

## WHEN YOUR TWO POLICIES START AND END

The cover under Policy A, as described as Section A Pre-Travel Policy, begins from the start date of cover shown on your insurance validation documentation, when the policy is issued and ends when you leave home to start your trip.

On annual multi-trip policies, cover starts on the chosen date and cancellation cover is not in force until that date. Subsequent trips will be covered for cancellation during the period of cover.

The cover under Policy B, as described as Section B Travel Policy, begins when you start your trip and ends when you complete your trip. Cancellation cover will cease when you start your trip, or when your policy expires, whichever is first. No further trips are covered except where you hold an annual multi-trip policy which will cover further trips not exceeding the maximum duration allowed according to your chosen level of cover.

There is absolutely no cover for any portion of a trip which is longer than the maximum duration of your chosen level of cover.

## EXTENSION OF PERIOD

In the event of either your:

- death, injury or illness during your trip,
- delay or failure of public transport services during your trip;
- delay or failure of your return flight to the UK, Channel Islands or BFPO from your international departure point.

you are unable to complete the trip before your travel policy expires, cover will be automatically extended without additional premium for the additional days necessary to complete the trip.

# How your policies work

## YOUR POLICY WORDINGS

Your insurance document shows details of both pre-travel and travel insurance policies, including the sections of cover, limits, conditions, exclusions, and information on what to do if you need to claim. The policy is a legal contract between us and you. We will pay for any insured event, as described in the policy, that happens during the period of validity and for which you have paid the appropriate premium. Travel insurance policies have specific requirements for both purchasing and making successful claims. **Please take the time to read and understand it straight away as not all policies are the same.** All risks which are covered are set out clearly in sections with conditions, limits and exclusions (things which are not covered); if your circumstances do not fit those specified then there is no cover in place.

## CANCELLING YOUR POLICIES

You have a 'cooling off' period where, should you decide that you find that the terms and conditions do not meet your requirements and provided you have not travelled or claimed on the policy, you can advise InsuraTrip within 14 days of purchase for a full refund to be considered. Should you wish to cancel your policy outside of the 14 day 'cooling off' period, and can confirm that there have been no claims on the policy and that you have not travelled, from which a £15 admin fee will be deducted; the following cancellation terms will be applied dependent on what type of policy you have purchased.

**Single Trip policies** - In the event that you have not travelled and are not claiming on the policy, we will consider a refund of 50% of the total policy premium you have paid. If you have travelled or are intending to claim, or have made a claim (irrespective of whether your claim was successful or not) we will not consider refunding any proportion of the premium you have paid.

**Annual Multi Trip policies** - Provided you have not made a claim (irrespective of whether your claim was successful or not) on the policy and you confirm in writing that there is no claim pending, should you choose to cancel your policy and understand that all benefits of the policy will be cancelled, we will consider a refund of 1/12th of the total policy premium you have paid for each complete month remaining on the policy from the date of cancellation. If you are intending to claim, or have made a claim (irrespective of whether your claim was successful or not) we will not consider refunding any proportion of the premium you have paid.

We reserve the right to give 7 days' notice of cancellation of this policy, without refund, by recorded delivery to you at your last known address in the event of the following circumstances: fraud, suspected fraud, misleading information or deliberate misrepresentation, abusive behaviour to any of our staff or agents.

If we feel that anything you tell us might increase the chances of a claim, we may ask you to pay an additional premium, or we might change the policy terms. If we feel that the increased risk is too great, we might tell you that we cannot cover you at all, in which case we will either allow you to make a claim for cancellation or we will refund you the appropriate proportion of your premium.

## BE CAUTIOUS

This policy is designed to cover most eventualities whilst you are on your trip. It does not provide cover in all circumstances and we expect that you take all possible care to safeguard against accident, injury, loss or damage as if you had no insurance cover.

## USA MEDICAL COSTS

Medical providers in the USA routinely charge international patients many times higher than it costs them to provide service. As this policy covers customary and reasonable medical expenses, we will not pay excessive or inflated charges for your treatment so it is important that you do not pay any medical providers up front, either at the time of your treatment or on your return to your home country. They may engage the services of collection agencies but any correspondence should simply be sent on to us, unanswered: there is no lawful action that can be taken which we cannot step in and take over on your behalf.

## PREGNANCY

Our policies include emergency medical expenses cover for pregnancy and childbirth from week 0 to week 28 (inclusive) whilst you are away.

From the start of week 29 to week 40 of the pregnancy, there is no cover for claims relating to normal pregnancy and normal childbirth or cancellation, however, medical expenses and cancellation cover will be provided if any of the following complications arise: Toxaemia, Gestational hypertension, Ectopic pregnancy, Post-partum haemorrhage, Pre-eclampsia, Molar pregnancy or hydatidiform mole, Retained placenta membrane, Placental abruption, Hyperemesis gravidarum, Placenta praevia, Stillbirth, Miscarriage, Emergency Caesarean, A termination needed for medical reasons, Premature birth more than 12 weeks (or 16 weeks if you know you are having more than one baby) before the expected delivery date. Please note we will not cover denial of boarding by your carrier so you should check that you will be able to travel with the carrier/airline in advance.

It is essential if at the time of booking your trip you are aware that you are pregnant that you ensure that you are able to have the required vaccinations for that trip; no cover will be provided for cancellation in the event that after booking you discover travel is advised against or you are unable to receive the appropriate and required vaccinations for that country.

## MEDICAL COVER

**Your travel policy is not private health insurance, in that it only covers unavoidable, unexpected emergency treatment.**

You need to check that you have had all the recommended vaccinations and inoculations for the area you are travelling to. You will then need to declare your existing medical condition and have it accepted by Insuratrip Healthcheck for it to be eligible for cover under your policy. You may be required to obtain your medical records in the event of a claim. It is often wise to carry additional supplies of your regular prescribed medications in your hand luggage in case your bags are delayed. Cover will not be given if travel is against the advice of your doctor, or a medical professional such as your dentist.

## EHIC

The European Health Insurance Card (EHIC) allows you (provided you are a UK resident) to access state-provided healthcare in all European Economic Area (EEA) countries and Switzerland at a reduced cost and in many cases free of charge. We strongly recommend that you carry it with you when travelling abroad. Remember to check your EHIC is still valid before you travel.

Applying on [www.ehic.org.uk](http://www.ehic.org.uk) for the card is free and it is valid for up to five years.

If your EHIC is accepted whilst obtaining medical treatment abroad your policy excess will be reduced to Nil (with the exception of increased excess relating to declared medical conditions). If you are travelling outside the EEA then there are some countries that have reciprocal agreements with the UK and these can be found on <http://www.nhs.uk/NHSEngland/Healthcareabroad/countryguide/NonEEAcountries/Pages/Non-EEAcountries.aspx>. Please note residents of the Isle of Man or Channel Islands are not eligible for an EHIC.

## MEDICARE

If you are travelling to Australia you **must** register with Medicare on arrival. There is a Medicare office in all major towns and cities in Australia. Registration is free and this will entitle you to reduced medical charges from doctors, reduced prescription charges and access to Medicare hospitals.

## YOUR EXCESS

Your policy carries an excess and this is the amount you have to contribute towards each claim. All excesses (your excess) shown for this policy are payable by **each** insured-person, per section and for **each** incident giving rise to a separate claim unless otherwise stated in the schedule of limits and excesses. Your excess may be increased to include existing medical conditions (including anything directly or indirectly related to that condition) confirmed in writing by us. The increased excess will apply to all persons insured on the policy whose claim has been caused by the declared medical condition.

If an excess waiver has been paid then standard excess is not applied, however, any increased medical excess is still applied in the event of a claim resulting from the condition/s it is attached to.

### BE AWARE!

This is a travel insurance policy and not private medical insurance. This means there is no cover for any medical expenses incurred in private medical facilities if we have confirmed that medically capable public facilities are available. Whilst the actual medical care you receive is in the hands of the local doctors treating you, we can obtain the medical information we need from them to establish what is wrong, as well as their treatment and discharge plans. We can support you in the event you are admitted to a facility that may not be suitable for your clinical needs or where there are concerns over practice. We will then advise on, and can put in place, suitable repatriation plans to get you home as soon as it is medically safe to do so. We will liaise with the treating doctor to get a fit to fly certificate when needed, and with aero-medical experts who will advise on both the timing and method of repatriation that is best suited to your individual needs of your recovery.

#### No cover is provided under this section for:

- anything mentioned in the conditions and exclusions applying to your policies (page 9) (including any treatment, tests, associated illnesses for non-declared existing medical conditions).
- any costs where you are an inpatient or it is a repatriation claim and our 24 hour assistance service, tiffgroup-assistance, has not been notified or has not agreed the costs. We reserve the right to decline associated costs.
- services or treatment received by you, including any form of cosmetic surgery OR any treatment received by you after the date that in the opinion of tiffgroup-assistance, in consultation with your treating doctor, you can return home OR which can reasonably wait until you return to your home country.
- additional accommodation which exceeds the standard of that originally booked or any cost for food or drink.
- additional flights which exceed the standard of that originally booked unless medically necessary and agreed with tiffgroup-assistance.
- any claim where you went against FCDO, government, local authority or medical advice relating to any infectious disease including Covid-19.
- any claim where the risk associated with bringing you home is greater than the risk of you remaining in resort or any claim where your return home would present unnecessary risk to other travellers.

We have categorised the activities that are not covered as standard into seven further bands. If you do not see your chosen activity, do not worry, we may be able to cover it, but you must contact us so we can discuss the activity and what, if any additional premium is necessary. All of the activities are covered on a non-professional and non-competitive basis, unless otherwise stated. Any claims which arise whilst undertaking any of these activities for any purpose other than leisure (examples of non-leisure purposes include professional / semi-professional

If you are unsure please do not hesitate to contact InsuraTrip Sales on: +44 (0) 1483 80 69 09 and we can discuss your individual requirements. We consider 'professional or competitive' to be activities/sports where you are paid for participating in, receive any element of sponsorship, fees or prize money in excess of £200.
